*1,100 K-12 Wyoming Students
are in need of a mentor*

One Wyoming 1 on 1 will connect our youth with positive adult mentors so they can be tomorrow's leaders.

How to become involved and how you will benefit:

"This opportunity provides a significant increase and commitment of the adults in Wyoming to the next generation in a manner to make a difference academically and socially that will carry on well beyond the time spent in the mentor partnership."

"The One Wyoming 1 on 1 Mentoring Program is important to me personally because if I can make a difference in one young person's life and help them to be prepared for the real world, that is what we are called to do. If 1,100 of us feel the same way, the positive effect on the whole community will be outstanding."

Bob O'Callaghan, President/CEO
Wyoming-Kentwood Area Chamber of Commerce

You will benefit not only by directly impacting a child's life but making the Wyoming community stronger. Each child we mentor has the potential to become a successful young adult with your help!

I met "Mr. Jack" at Jackson Park two years ago at the after school Bible Club. He started meeting with me for breakfast and just talking with me. He has really made a difference in my school work and my life.

Jaime Gomez—7th grader WPS

"Mentoring guarantees a young person that there is someone who cares about them. A child or young person is not alone in dealing with day-to-day worries. Mentors help students to stay in school. They reduce truancy. Students who meet regularly with their mentors are less likely to become addicted to drugs. Mentors help students to improve their academic standing. Students with mentors exhibit better social skills."

Bruce Roller, Executive Director
United Church Outreach Ministry (UCOM)
